

Shatterproof Treatment Atlas®

Support for finding
addiction treatment
facilities

You can now access Atlas, a free online tool that connects you and your loved ones with trustworthy, in-network addiction treatment.

Finding addiction treatment can feel overwhelming. That's because one size doesn't fit all when it comes to finding the best care for your needs. Shatterproof's Treatment Atlas can help you find and compare treatment facilities.

How Atlas works

Understanding what type of treatment is needed

Complete a brief and anonymous set of questions that offers initial guidance on the most appropriate level of care and recommendations for additional treatment services.

Find and compare treatment facilities

The Atlas tool contains a comprehensive list of addiction treatment providers, including hospital-based inpatient facilities, residential facilities, and intensive outpatient services. When searching for care on Atlas, you can filter results by location, specific treatment services offered, languages spoken, and more.
