Personal Statement

In two pages or less, write an essay that answers the questions below.

- Why are you interested in this program?
- What have you done that makes you a great candidate?
- How will you benefit from the program?
- How do you plan to contribute to the student community in Penn Engineering while you're here?
- Why will you succeed in the program?
- What will you do/accomplish once you have completed the program?

Exploring Community at Penn

Exploring Community at Penn

How will you explore community at Penn? Consider how Penn will help shape your perspective, and how your experiences and perspective will help shape Penn. (150-200 words)

Resume?

- Computer Graphics and Game Technology (CGGT)
- Computer and Information Science (CIS)
- Computer and Information Technology (CIT)
- Data Science (DATS)

FAQs

- Is the Course Planning Guide binding?
 - No, the purpose of the CPG is to get to you to do your research on the program and see what interests you. While you are at Penn, you can choose whichever courses you would like to fill your requirements
- How should I approach the personal statement?
 - This isn't like applying to college, you already did that! Relax, be honest and show your interest.
- Who do I pick as references?
 - Pick references that can if asked can speak to why you are a good student, worker (something in a professional setting)
 - They do not need to write a letter unless contacted by Penn.
